PROFESSIONAL EXPERIENCE

Radiant Yacu Ltd – Kigali, Rwanda

Head of Digital Innovations | Sept 2024 – Present

- Lead the organization's digital transformation initiatives, overseeing research, design, and implementation of scalable software systems.
- Designed and deployed **PolicyArtisan**, a core microinsurance system improving process automation and scalability across departments.
- Spearheaded **CreditShield**, a digital loan protection platform that increased service efficiency and enhanced customer satisfaction.
- Guided teams in adopting innovative technologies and agile methodologies, fostering a culture of experimentation and continuous improvement.
- Provided technical oversight, ensuring system reliability, cybersecurity, and compliance with company policies.

Deputy Head of IT Division | Jan 2022 – Sept 2024

- Supervised the full software development lifecycle for enterprise projects, ensuring on-time delivery and quality outcomes.
- Led API integrations with third-party partners to enhance interoperability and service delivery.
- Established documentation standards and best practices for internal systems, improving maintainability and cross-team collaboration.

- Conducted performance testing and optimization, improving system uptime and responsiveness by 25%.

Fundle Ltd – Remote

Front-End Engineer | Jan 2022 – Jan 2023

- Designed and developed responsive web and mobile interfaces using **Flutter/Dart**, enhancing user experience and accessibility.
- Deployed and maintained mobile applications on multiple app stores, ensuring smooth performance and regular updates.

iConnect Solutions – Kigali, Rwanda

Front-End Engineer | Oct 2019 – Nov 2020

- Built and optimized client websites using **React** and **WordPress**, achieving faster load times and improved UX.
- Collaborated with design teams to deliver high-quality, responsive digital products.

PROJECTS

- **PolicyArtisan:** End-to-end insurance management platform covering quotations, underwriting, and claims, with integrations for payments and loan protection.
- **CreditShield:** Loan protection digital product streamlining claims processing and policy validation.
- **Bulk SMS System:** Mass-messaging platform using Africa's Talking API.
- **Online Ticket Booking App:** Cross-platform ticket purchasing app built with Flutter.
